Career Objective

Within 3 years of working as a Frontend Website Developer in Advertising & Outsourcing field, I have participated in many web building projects for a large number of customers including Singapore Airlines, Qatar, Kimberly-Clark's Vietnamese Huggies Branch, Vinamilk (Vietnam Dairy Products Joint Stock Company), Manulife Financial, Vinastar Motors Corporation (Mitsubishi Motors Vietnam), Rohto-Mentholatum Vietnam, etc.

With a responsible and innovative mindset, I seek to further improvement and leverage my knowledge in designing, building and maintaining websites as well as other Front-end side related skills. I look forward to working in a resourceful and dynamic environment where I can fully utilize my abilities for the development and the benefit of the organization.
